Major: Environmental Protection. Honors Diploma

## POSITIONS

- Sept 2019– **Research Associate, Cornell University.** I conduct several U.S. EPA-, USDA-, and Cornell-funded environmental and urban agriculture education research and extension projects, provide leadership for the Civic Ecology Lab's global online courses, and teach a 3-credit *Green Cities* course. Through my current research project, I explore how urban agriculture education influences youth civic engagement in New York City. I also serve as an Advisor for the Global Environmental Education Partnership (GEEP). New online courses that I co-developed include: *Nature Education, Environmental Education and Community Engagement, E-STEM Education, and Climate Action with Family and Friends.*
- Feb 2018–2019 **Extension Associate, Cornell University.** I conducted environmental education research (e.g., on urban environmental education, sense of place, educator professional development), coordinated online courses (*Introduction to Environmental Education, Urban Environmental Education, Global Environmental Education*), developed the *Green Cities* summer for the School of Continuing Education, contributed to several grant proposals in the Civic Ecology Lab, and organized international exchange and professional development programs for environmental educators.
- 2014–2018 **Book Editor and Online Course Instructor, Cornell University.** As the first editor of *Urban Environmental Education Review* (Cornell University Press, 2017), I coordinated a team of 82 professors and experts from around the world to produce 30 book chapters. This book was also published in Greek (Gutenberg Athens, 2021) and Chinese (Higher Education Press, 2022). I also developed and taught several global online professional development courses for environmental educator, and conducted environmental education research projects.
- 2013–2014 **Postdoc in Environmental Education, Cornell University.** Designed and coordinated online courses for environmental educators, developed course materials, conducted course-related research.
- 2007–2013 **Teaching Assistant, Cornell University.** Conducted sections and field trips in several undergraduate and graduate courses: *Society and Natural Resources* (2009), *International Conservation: Communities and the Management of the World's Natural Resources* (2008), *Environmental Conservation* (2008 and 2013), *Forest Ecology* (2007), and *Environmental Governance* (2007).
- 2001–2004 **Lecturer and Exchange Program Manager, Tomsk State University, Russia.** Managed an international student exchange program *Ecology and Environmental Issues in Siberia* with Ohio State University (PI: Karnachuk, R.), conducted environmental practicums for undergraduate students in nature reserves and industrial facilities, and taught undergraduate courses in environmental education.
- 2000–2001 **High School Teacher, High School #28, Tomsk, Russia.** Taught high school biology and environmental science, organized environmental field trips for students from underserved communities.
- 1996–2004 **Co-Founder and Advisory Board Member, Tomsk Environmental Student Organization non-governmental organization, Tomsk, Russia.** Organized environmental education (citizen science, school outreach, nonformal education programs, professional training programs, newspaper publications), environmental stewardship (community greening and cleanups), and environmental conservation activities (bird monitoring, preventing poaching in natural reserves); managed grants.
